IQAC –Feedback Report

Sir,

I am to bring your attention about the following observations after analysing the online feedback submitted by students till August '20, 2022.

1. Majority of the students want the gymnasium of the college to be fully operational. So necessary instructions may kindly be issued to concerned members of staff to initiate the process.
2. More than half of students have not participated in self defence training programme. So awareness may be created among students to participate in the programme in large numbers.
3. Most of the students are not aware of the existence of anti-ragging cell in the college. So online /offline display of the same and its provisions may kindly be circulated among the students.
4. Since the college canteen is not yet opened after covid-19 pandemic, so majority of the students complain about the same. So appropriate steps may kindly be initiated in this matter at the earliest for the benefit of staff and students.
5. Students are not satisfied with the drinking water facility. So adequate number of water purifier cum cooler machine may kindly installed at prominent locations of the building for regular use of the students.
